NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 1 - NATURE OF ACTIVITIES

Children's Future International, Inc. (the Organization) was incorporated in 2008 as a nonprofit corporation in the state of New York. The Organization is uniquely positioned to empower children and youth in rural Cambodia to break the cycle of poverty. The Organization serves approximately 250 children and youth that were previously not attending school and at risk of human trafficking and child labor. Its holistic services provide child protection and education to some of the most resource poor and vulnerable children in Cambodia. These programs aim to ensure that each child's basic needs are met so that he or she may pursue an education to the fullest of his or her abilities.

Throughout the global pandemic the Organization adhered to all government directives and policies. In practice this meant closing the offices with staff working remotely and also closing the physical school and moving to virtual teaching. This was comprised of phone calls, community visits and worksheets for students. Organization social workers reviewed all risk levels for children and their families, began face to face visits for those of the highest risk, and maintained telephone contact with others. Organization staff maintained regular contact with all local authorities by keeping them up to date with plans and supporting theirs where possible. While supporting public health concerns through education and the distribution of hygiene materials, Organization staff remained vigilant to any potential child protection concerns to ensure all children and families were safe, healthy, and thriving.

The Organization receives funding primarily from foundation and other grants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PROCEDURES

1. Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

2. Basis of Presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles which require the Organization to report its financial position and activities according to the following net asset classifications:

<u>Net assets without donor restrictions</u>: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Organization's management and board of directors.

<u>Net assets with donor restrictions</u>: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated that the funds be maintained in perpetuity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PROCEDURES (Continued)

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Contributions of property and equipment or cash restricted to acquisition of property and equipment are reported as net assets with donor restrictions if the donor has restricted the use of the property or equipment to a program. These restrictions expire when the assets are placed in service.

3. Cash and Cash Equivalents

The Organization considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

4. Capitalization and Depreciation

The Organization follows a practice of capitalizing all expenditures for property and equipment in excess of \$3,000. The fair value of donated assets is similarly capitalized. Depreciation of property and equipment is provided over the estimated useful lives of the respective assets on a straight-line basis.

5. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

6. Income Taxes

The Organization has received an Internal Revenue Service exemption from federal income taxes under Section 501(c)(3). Accordingly, no provision or liability for income taxes has been provided in the accompanying financial statements.

7. Functional Reporting of Expenses

For the year ended June 30, 2021, the costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain categories of expenses attributable to program services or a supporting function are allocated on a reasonable basis that is consistently applied. The significant expenses that are allocated include salaries, taxes, and benefits which are allocated based on time and effort. Rent is allocated based upon use. Other expenses are allocated based upon the program or supporting service benefited.

8. Summarized Prior-Year Information

The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include enough detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2020, from which the summarized information was derived.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PROCEDURES (Concluded)

The total capitalized cost of the land parcels was \$55,622.

NOTE 4 - NOTES PAYABLE - RELATED PARTY

NOTE 5 - LEASE COMMITMENTS

Accordingly, these assets have been included in the qualitative information above for financial assets available to meet general operating expenditures within one year.

The Organization manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs, and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged. The Organization's goal is to maintain financial assets to meet at least two months of anticipated general operating expenses (approximately \$60,000).

NOTE 10 - FOREIGN OPERATIONS

The Organization's programs are based in Cambodia. Foreign operations are subject to risks inherent in operating under different legal systems and various political and economic environments. Among the risks are changes in existing laws, possible limitations on foreign investment and income repatriation, government price or foreign exchange controls, and restrictions on currency exchange.

In connection with the Organization's operations, the Organization maintains leased facilities and funded the acquisition of land in Cambodia. As of June 30, 2021, assets in Cambodia were comprised of cash in the amount of \$31,282 and property and equipment, net of accumulated depreciation, \$58,630. Total overseas support and revenue received from foreign sources amounted to approximately \$307,000 in 2021.
